

To Whom it May Concern,

My name is Jazlyn and I am a Registered Mental Health Clinician in the state of Florida. I was drawn to Debbye at the church we attended together in 2015 because when I saw her, I saw a woman that despite her physical limitations, was passionate about serving families within the community. If I can describe Debbye, she is relentless, selfless and full of faith and wisdom. Relentless because when she has a vision, she accomplishes it no matter how long it takes or how many drawbacks occur. She is selfless because, while trying to lift herself up into the field, she makes sure to lend a helping hand to bring others up. For example, while I was pursuing my counseling degree with one infant and a toddler, Debbye made herself available to me practically by helping me with my kids and also by teaching me the skills she had learned and acquired. The skills that I have witnessed from Debbye are empathy, compassion, understanding, creativity, active listening and problem solving skills when dealing with conflict management, the ability to make sense of a complicated situation and relay the information in a sensitive manner. Above all, Debbye loves the Lord and she tries hard to put Him first and to be sensitive to His guidance. Debbye has been a wonderful teacher, leader, and mentor in my life. I am very grateful for her.

Thank you,

Jazlyn Ramos M.S., Registered Mental Health Counseling Intern
